

Fort Worth, Texas April 16, 2014-InsureZone is pleased to announce the addition of Renee Gage to the Executive Management Team in the role of Vice President of Business Development.

Renee brings over 25 years of operational experience to InsureZone. Renee Gage started her insurance career in 1989 with Union National Life and Fire Insurance Company where she worked until 1992 at which time she joined a retail agency, Gwen Foster Agency. She managed the agency while producing new business and managing accounts until 1998 at which time she took over operations. In 2001, Renee became a Partner in the agency. The agency offered life, health, personal lines and commercial lines products through direct writers as well as through General Agencies. In 2008, Renee joined Myron Steves as the Service Center Manager and was quickly promoted to Vice President of Tryton, Myron Steves' Standard Lines Division. In 2013, Renee was given the additional role of Associate Director of Operations for Myron Steves and was promoted to Director of Operations in 2014. She holds both a Property & Casualty and Life & Health licenses, has been a CIC since 2002 and is currently enrolled in the CPCU program.

InsureZone is a holding company that is a unique combination of insurance services and software development, dedicated to implementing the best methods for selling and servicing an insurance policy. The company operates in four areas of the insurance world: Software Development and Licensing, Wholesaling, Retail Agencies and Comparative Rating.
